EDUCATION

I am 4th year student currently studying Computer Science at AAU

EXPERIENCE

I have about two years of experience in full stack development.

I have hands-on experience in building robust and scalable web applications using the MERN stack.

I have developed personal website and powerful web applications like landing page, job portal and ecommerce.

I am proficient in designing and developing RESTful APIs, creating dynamic and responsive user interfaces with React, handling data storage and retrieval using MongoDB, and building server-side logic with Node.js and Express.js.
